

Ever since
my days in
high school,
I've fantasized it...

"I want to
feel there..."
I'd say that
time and time
again as I
stared at my
graduation
yearbook.

But, this
spectacle
happening
before
my very
eyes...

Is this
reality
...
!?

This
feeling
...

projected
before
my eyes?

Or is it
just an
illusion

...Or are you one of those pure virgins...

who have never seen real breasts before?

If you wanna touch them, just say so!

Geez, you're acting like a virgin as always!

If I don't like someone 100% then...

We... well, about that...

Kagami-kun isn't particularly interested in sex, huh?

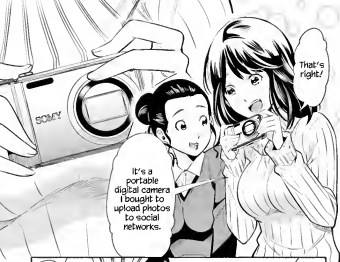

Just befriend someone in a flesh and bang her!!

You're overcomplicating it!

TL Note: In Japan, sprinkling salt on the entrance is believed to give good luck and also ward off bad customers from returning.

What the hell's up with those comments!!?

Is a part-time job in a coffee shop that bad!?

Are university students really that great!?

Plus...

new hats

I'm a high school graduate that's been working here for three years!

I've been working here leisurely without any particular goal!

But how does that bother anyone!?

It shouldn't be okay to laugh at someone who's trying their best...!!

Kyousuke-kun is still earnestly aiming for university right now, right...?

We've been separated.

Since that's
the kind of
pussy
I am...

I can only
produce
my dream
girl inside
photos...

But even so,
I want to stay
by Hikari-chan's
side, even if
for a little...

Everyday,
I look forward
to her coming
by a coffee
shop like this...

Like how
I failed for
unnecessarily,
I've been
willingly
feeling
inferior...

...Though that's
how he spoke,
Tachibana's
got a point...

That has
nothing to do
with this...

You know,
the thing
about old
film is, you
just need to
shake it!

What
do you
mean !!?

No, don't
touch it-

It's
probably
still
coming
out...

The girl
you took
a photo
of seemed
like a nice
girl!

Is it
possible
that you
like her?

Seriously,
stop...

You'll
bear it...!

You have
nothing
to hide,
right!/?

Eh?!

Looks
like it
came
out-

See,
since we
shook it
a lot...
